Kerr Reviews Problems Of City Finance Which May Follow Incorporation Vote

Leslie Kerr, member of the taxation and revenue committee of the committee for Campbell incorporation, discusses problems of financing city operations following the special incorporation election. The text of Kerr's report follows:

The special incorporation election set for March 11, 1952, was called for the purpose of determining whether the town of Campbell is to become a sixth-class city. The writer has no complaint concerning purpose of the election itself, but does wish to invite especial attention to the resulting effect as between an incorporation accomplishment prior, and subsequent, to February 1, 1952.

California enactments provide: The taxable assessment values are in force as of the first Monday in March. Normally, the first installment of property taxes are due November 1, and delinquent December 5 of the current year; the second installment being due January 20, and delinquent April 20 of the following year. Therefore, here is a brief outline showing why and how the March election date directly affects the people of Campbell:

Prior to February 1, 1952: The city of Campbell would have been in a position to assess and collect "city taxes" on the basis of the first Monday in March records of 1952. The first installment of city taxes would have been due in November and delinquent in December, 1952; the second installment would have been due in January and delinquent in April, 1953.

Subsequent to February 1, 1952: The city of Campbell will not be in a position to assess or collect property taxes under a "city rate" prior to the first Monday in March, 1953. The first installment of city taxes will not be due until November 1, 1953 and the second installment until January 20, 1954. Incidentally, after the first Monday in March, taxpayers are at liberty to inquire concerning their current assessment values and need not await arrival of annual tax statement to become informed in this respect.

In fixing the perimeter limits of Campbell as a sixth-class city, certain portions of the Campbell street lighting district, the Campbell fire district, and the Campbell sanitary district were not included within the proposed city area. Consequently, several questions of a legal nature arise. These are, however, problems that the incoming city council must solve.

The 1951-52 district tax rates will supply the necessary funds with which to operate these particular city services until June 30, 1952. And, inasmuch as these are vital services involving considerable capital investments, it seems reasonable to assume that the county officials will assess and collect special district taxes sufficient to maintain services for year ending June 30, 1953.

The city of Campbell must be financed without aid of ad valorem tax income from March 1952 to December 1953, approximately 22 months. In addition, substantial amounts of subvention grants from the State of California will not be due or available for several months —possibly as much as six months, even more.

The problem of initial city financing will require careful and deliberate planning. Therefore, at least one member of the first city council should be qualified through practical experience, local prestige, and local acquaintance, as will enable him to obtain temporary city loans during first year of city operation. Mere knowledge of financing is not sufficient. Thus, the writer is not qualified to act in this capacity.

In view of a restricted available income at the beginning of city management, it will be necessary to limit city services; to pay minimum city salaries and wages; to employ lesser experienced city employees; to carefully scrutinize and budget all expenditures; and, to depend quite largely on council membership ability for supervisory control and management of departmental activities.

As a means of securing a unified city-management responsibility, it is respectfully suggested that, for example—one council member could take charge of the fire and police departments; another member supervising the public works department, including inspection services and city facilities; a third member in charge of legal matters and enactment of city ordinances; a fourth member handling city finances and acting as purchasing agent; the fifth member (Chairman of Board) to act as coordinator and protector of public interests. The electors will, of course, select all members of the city council. And, the council will act according to their own desires without regard to opinion of the writer.

"In the first city council elected, the two members elected by the highest number of votes hold office for four years, and the three members elected by the lowest number of votes hold office for two years. If two or more persons are elected by the same number of votes, the terms of each shall be decided by lot (36504)."

Regardless of who is elected, no person is morally justified in accepting membership in the first city council who is not willing to do his duty and who does not have the ability to take an active part in the actual city management, at least, until such time as the city affairs are stabilized. Electors and aspirants for city offices should realize that ALL city of Campbell operations must start from "Scratch." There are no experience criteria of previous Campbell actions which can be used as a standard by which to determine correctness of a judgment or conclusion. The only city "working tools" presently available in the town of Campbell are a fire station building, and some fire-fighting equipment.

The California Code (51500-51519) provides in part, that: "By ordinance, a city legislative body may transfer the duties of the city treasurer, and the assessment and tax collection duties performed by the city assessor and tax collector to the treasurer, assessor, and tax collector of the county in which the city is situated."

"xxxx.The county assessor and tax collector shall collect the taxes when county taxes are collected."

"The compensation paid to the county shall be fixed by agreement between the board of supervisors and the city legislative body. Not more than 1 percent shall be charged for collecting the first twenty-five thousand dollars ($25,000), and not more than one-fourth of 1 percent for all sums over that amount. xxx."

I was permitted to examine the county tax assessment records covering my home property and found them to be surprisingly accurate and comprehensive, even containing a photograph of the house. No doubt other property owners will be accorded the same courtesy. But, don't ask for permission to study records of your neighbor or competitor because their records contain data and information of a confidential nature. Otherwise, it would be a betrayal of "public trust" to open their records to general inspection. I also examined the Official Plat covering my tax code area (Campbell 62-5) and found it sufficiently detailed to indicate parcel location and ownership. Yes, I consider their records to be excellent and reasonably correct. I am of the further opinion that they are willing to correct mistakes made by their appraisers and other employees. The taxpayer also has the right of appeal to the board of equalization whenever differences cannot be adjusted otherwise.

If all of the other individual property holdings in Campbell are as accurately detailed as my property, and I have no reason to doubt their completeness or accuracy, then there is no apparent sufficiency of reason for the people of Campbell to spend thousands of dollars of tax monies to set up another tax assessment record to cover property located in the city of Campbell. Therefore, I respectfully suggest that the county assessments be accepted as official for Campbell, and that the incoming city council take advantage of the provisions afforded under paragraphs 51500-51519 of the State Code.

Business Women Endorse Viola Krug As Candidate For Campbell City Clerk

The Business and Professional Women's Club of Campbell made an official endorsement of Viola Krug, candidate for the office of City Clerk in the coming incorporation election on March 11 at a meeting held last week. In a statement released by the group, Mrs. Krug was cited for her capabilities and interest in community activities. Text of the endorsement follows:

"In accordance with the National and State Federations' recommendation to sponsor qualified women for public office, the Campbell Busines and Profesional Women's Club unanimously voted to endorse Viola Krug for City Clerk of Campbell. A local business woman, Mrs. Krug has shown her capabilities and interest in community activities by her sincere, willing and conscientious efforts in local projects. The club also planned the presentation of the Winifred Goodell Scholarship, which will be awarded to a local girl for business, beauty, nursing or technical training. Emphasis will be on character, promise and need rather than on scholarship alone.

Special music will be provided by Howard Smith and Dan Knowles. Two San Jose State students, one from Russia, and the other from Iran, will be speakers during the evening.

Bridesmaids Marilyn Garabedian, Pat Smith and Vivian Lewis wore identical gowns of champagne satin with lace capes and carried bouquets to match those of the maid of honor.

The bride, escorted to the altar by her father, J. P. Jorgensen, was gowned in Chantilly lace and satin highlighted by a fingertip veil edged in seed pearls. Chantilly lace adorned the neckline and a fitted bodice and gathered skirt nding in a full train completed her gown. Her veil was held in place with pleated satin and a Chantilly lace crown. She carried a bouquet of white camellias, hyacinths, and orchids.

Bob Bischoff acted as best man for his brother while Dick Bischoff, another brother, and Mario Bonicelli, Clarence Gibson and Dale Dwyer ushered guests to their seats.

The mother of the bride chose a gray gown with a bodice of imported lace and a crepe skirt with a back panel of satin. Her accessories were pink and she wore an orchid corsage.

Mrs. Eldo Hammer of San Jose, mother of the groom, wore an orchid shaded wool jersey dress with black accents. Her corsage was of orchids.

Mills Group Host College Students

Five foreign students now attending Mills College in Oakland spoke informally Thursday evening to an alumnae group meeting at the home of Mrs. Robert Groch in San Jose, and in their unrehearsed answers to spontaneous questions brought out separately three similarities in the growth of Communism in their various contries — Germany, China, Japan and Iran; and all emphasized that Americans do not appreciate their country and freedom.

Most startling was the statement, "It is terrible!" made in regard to life under the Communists and the effect of Communism on families. The statement, first made by a German girl who had lived in the Russian zone,was later repeated, apparently unintentionally, by Pei Hsi Chen, a graduate student from Formosa, China, now studying for her master's degree in child development. She described the terrible fanatical sort of enjoyment of public killings, where Chinese were murdered for being anti-Communist. Even a man's own children and grand-children might be included in the howling mob cheering the execution, she said.

Ute Meissner, originally from Leipzig, and now specializing in music on a State Department scholarship sponsored by the Institute of International Education, called the emotional pressure of life under the Russians "terrible." Even the little children feel the restraint and the necessity to report, even on their parents and to include in any of their school work praise of communism and repudiation of capitalism in America. Parents cannot talk to their children against Communism for fear the children may repeat what they are told. Ute and her family reached the Western Zone by sneaking across the border at night, hiding in the tall grass while Russian soldires patrolled along the road.

She also pointed out another similarity, that the Russians do a much better publicity job than America on their contributions to a country in food and materials. The Russians would take food raised on German farms by Germans, according to a completely regulated setup of food production, and later would distribute the same food back to the same people and their neighbors. A holiday would be declared, a great celebration arranged, and school children would have to write compositions extolling the generosity of the Russians and Father Stalin.

Mina Kashef, whose father took his family from Iran in 1947 to enjoy this country's educational opportunities, and who is now a freshman scholarship student at Mills, also pointed out that the Russians greatly publicized any contribution they made in Iran. She added that her country's proximity to Rusia, her oil which Russia wants, and the feeling that England has exploited Iranian resources, and that America has not lived up to its promises of medical help after the war, all tend to make Iran friendly to the Communists.

Country Woman's Club Hears Talk On Atom Bomb By Naval Officer

Lt. J. Kimrich, USN, of Moffett Field Naval Base, spoke before the Monday afternoon meeting of the Campbell Country Woman's Club on the development and progress of the atom bomb. He outlined methods of defense and told of the 21 successful tests which have been made with the bomb. In the absence of Mrs. Don Hartman, chairman, Mrs. Ethelda Minehart introduced the speaker.

Mrs. Charles Hancock introduced Bill Armstrong, who performed several piano solos for the group.

Mrs. Ray Prince told the group of the work of the Federated Clubs in contributing to the "Penny for Art" fund. Under this plan, youths under 18 years of age will participate in a contest with entries from all states. A California showing of entries will be held in Santa Monica on March 1. The five winners of each state contest will be awarded a tour of Europe as part of the Firendship Gesture program.

COMETS EDGE CAMPBELL OUT OF SCVAL MAT CROWN IN TOURNAMENT

With only two points spelling the difference in the SCVAL championship, the Lick Comets edged out a strong Buc wrestling squad to take the victor's laurels with a total of 34 points. Campbell took a close second with 32 digits, while Fremont followed with 25. Los Gatos and Santa Clara brought up the rear with 7 and no points respectively.

Deciding point of the tournament was the upset of Fremont's 133-pound Nieto by Lick's Ledesma. Nieto had downed Ledesma in dual match competition previously and was the favorite in his tilt with him Saturday. A loss by Ledesma would have placed Campbell in the lead and would probably have given them the crown.

The tourney drew the curtain on what Coach George Miskulin termed a highly successful eason for the Bucs. In Dual match competition, the locals had the best record of any of the competing schools, with a total of eight wins and one loss. Tournament competition ended with the Bucs holding three individual championships and five runner-up positions.

Miskulin stated that the Comets were in top form for the tourney. "They really deserved to win," he said. "Their coach placed them well in their classes and the team members wrestled at their peak during the whole performance. What really surprises me," he continued, "is the fine record which Campbell made during the entire season. We started with a team which I had hoped would win about half of their contests, but the will to win and team spirit carried us to the best dual match record in the league. Our success was due not so much to individual talent as it was to the spirit which the squad showed in every one of their meets."

Campbell Cops Second Place In Grammar School Cage Tournament

Campbell cagers drew a second in the Campbell Kiwanis-sponsored County Heavyweight Grammar School Basketball Tournament on the local high school courts last Saturday. The local little fellows gave way to Mountain View, upset team of the tourney, 48-39, to cop second place. Campbell whipped Gilroy, 37-25, in the semi-finals, while Mountain View dupmed Almaden. The locals beat out Sunnyvale, 32-20, in the quarter-finals, and Mountain View upset Alum Rock in the same round. The Mountain View champions rolled over Sunol in the first round and Campbell stopped Crittendon, 27-18.

Tournament high score record went to Marshall James with 24 digits in the tilt with Gilroy.

Coach Neal Royer states that the loss of one of the Campbell star forwards, Paul Uyeda, in the semi-finals may have spelled the difference between victory and defeat in the Mountain View tilt.

Bill Means, speaking for the Kiwanis basketball committee, stated this week that the club was well satisfied with the tournament and plans to continue next year including both A and B teams and taking two instead of one Saturday to complete competition.

Buc Cagers Split With Fremont

Buc varsity cagers went down to defeat at the hands of the Fremont Indians, 45-38, on the local courts last Friday night. The victors were sparked by Chuck Reynolds who scored 17 digits for his team. Harris of Campbell took a close second with 15 for the Bucs.

In the preliminary, the 130's held their second place position with a close 34-30 victory over their opponents. Game honors went to Buccaneer Kelly with 14 points, while Hitchman followed with 10 for the Indians.

Miskulin Glum On Buc Batmen Chances In 1952

Coach George Miskulin held a glum outlook for his Buc batmen as they went into their first week of practice on the high school diamond. Only five veterans will return from last year's team, which lost 11 and won 8. Duane Holm will take the catcher spot, and Ronnie Baker and Jay Propst will return to the mound. Larry Periera will return to his outfield position and Duane Burrows will take up his niche in the infield.

In spite of the fact that the only two men who topped the .300 batting average have graduated, Miskulin injects a ray of hope with his expectations of a better record than last year's. "We're not going to set the world on fire, but the public can rest asured that they will see a team with plenty of fire and fight," he said.

First game is scheduled for March 14 at Menlo.

Gubser To Speak

Asemblyman Charles Gubser will speak to the Republican Women of Campbell at their next meeting scheduled for 2 p.m. next Monday in the home of Mrs. Joseph Feasel on Rincon Avenue. A "silent auction" will be held to raise money for the treasury.

NEWCOMER

A son, Bruce Ryan, was born to Mr .and Mrs. Richard Martin Bebeau of 801 West San Tomas on February 4 in O'Connor Hospital.

Seven Veterans Return To Buc Track Team

Only seven returning veterans will be on tap for Buc thinclad Coach Junior Morgan to work with when they enter their first meet with Willow Glen on February 29. Morgan made no forecasts of the outcome of the meet or on the ability of the team, but stated that the pentathalon now in progress at the school will give him a better idea of what to expect from his boys during the season.

Bob Ciraulo, soph shot-putter who averaged around forty feet last year, will be back in the varsity line-up. Morgan is placing high hopes on Dennis Dunne who took third place in the NCS broad-jump last year and will qualify as either a varsity man or a "B." Gary Hoover will be up from last year's C team to take over the pole vaulting position. He may place him in the B squad, and Morgan considers him one of his most promising boys. Manuel Macias, five minute miler from last year's team, will grace the varsity. Bob van Gorkham, D broad-jumper, will probably move up to the C's this year The varsity will also be strengthened by the return of Ed West and Paul Pratt, both discus me nwho tossed the plate in the 110-foot bracket last year.

Last Rites For L. E. Genasci

Funeral services were held Tuesday morning from the Krug Memorial Chapel for Louis E. Genasci Jr. ,pioneer resident of Campbell for the last forty years who died Sunday following a prolonged illness. He was a veteran of World War I and a native of Switzerland. He held the position as business agent for the Cannery Workers Union 679 at Hunts Foods, Inc., for the past 15 years.

He was the husband of Rose Genasci and son of Louis Genasci Sr., both of Campbell; brother of Edward Genasci of Stockton and father of Mrs. Joseph T. Bettencourt of Morgan Hill.

Services were followed by a Requiem High Mass in St. Lucy's Church at 9 a.m. Entombment was in Santa Clara Catholic Cemetery.

Sport Scenes

By "Mac"

George Miskulin's grunt and groaners narrowly missed taking the wrestling crown, but retained the secondary honor of holding the best record of any team in dual matches with an eight to one tally. Deciding point in the tourney last Saturday was the tilt between Nieto of Fremont and Ledesema of Lick. Nieto had previously defeated his 133-pound opponent in dual match competition, and was favored to take the big tourney. Ledesema, however, went contrary to all the experts' opinions and upset the Indian ace to give the Comets five points and the league crown. Had the Nieto-Ledesema match gone according to all the forecasts, Lick would have given up five points to Fremont. This would have placed Campbell first with 32 points, Fremont second with 30 and Lick third with 29.

Despite the fact that his boys didn't quite make the championship, Miskulin is still proud of the way in which they handled themselves. With only three returning veterans of any consequence, the Buc coach built up a team which used the old "will to win" and team spirit as fuel for one of their most successful seasons.

Miskulin's main worries center about the formation of his baseball team now. Pre-season analysis shows that Campbell has little if anything to offer in the way of individual talent. Duane Holm is returning to his catcher post, Ronnie Baer and Jay Propst to the mound; and Larry Peirera will take an outfield spot and Duane Burows will fill in the infield. While fairly steady players, none of these boys have shown any tendencies of becoming Campbell's hope of the year. Weakest spot on the squad will be in the hitting dept. Last year's team, which lost eleven and won eight, had only two hitters who cracked the .300 mark. Both of these boys have now graduated and leave a big hole to fill. In spite of the bleak outlook, Miskulin is counting on a far better team than that which took the diamond last year. Says he'll have the same type of team spirit and will to win which he had with the matmen or he'll know the reason why. If he can instill that spirit into the boys, he might have a team to watch. As we already pointed out, this type of thinking is one of the things which took the wrestling squad so far without a wealth of individual talent.

Mt. View, dark horse of the heavyweight grammar cage teams, proved the experts all wrong again when they upset favored Sunol in the frist round and went on to win the Tournament crown. Campbell placed second by virtue of a 48-39 los to the champions, but Coach Neal Royer lays part of the blame to the fact that a minor injury forced him to retire Paul Uyeda, star forward for the locals, during the semi-finals.

Coach Junior Morgan is holding his thinclads under wraps with his Rusian-style "no comment" until he sees the results of the pentathalon being run at the high school this week. Morgan won't have too much returning talent, with veterans numbering only seven for all squads. Claims the five-round event under progress at the school will give him a good picture of what to expect during the season, though.

Bert Robinson continues to be well-pleased with the performance of both his varsity and '30 cage squads. A loss by league-leading Mt. View would put the locals in line for a tie for first place providing they continue their winning streak as Robinson thinks they will. He predicts a victory for them over Washington if they keep their heads up and also states that the performance of the varsity has improved 100 percent and says they can lick Washington if they play the same type of ball that showed against Fremont last week.

Los Altans Plan Incorporation

Approximately forty residents of the Los Altos area met last week for the formation of a committee to work out incorporation plans for the community. Those attending the meeting elected A. Watson Connor, retired businessman, chairman of the group and outlined tentative boundaries of a proposed incorporated city. They also contributed individual funds for expenses of the organization.

Old Settlers' Day -- A Poem

In the little town of old Campbell,
In the tang of the sweet salt air,
They meet to renew old memories
Of a world, that was young and fair;

Their heads are crowned with silver
Boys and girls of a bygone day,
But the wheels of time turn backward
Again they are young and gay —

Hand clasps hand in communion,
Happy tho'ts of long gone years,
Heart beats to heart in gladness,
That is close akin to tears.

All worldly veneer is forgotten,
The Judge is just "Jim" to the boys
The lad who played and worked with them
Sharing their sorrows and joys.

Gone is the stately matron,
'Midst these friends of long ago,
Once again, she is just little Mary
With Tom her devoted beau.

They linger on 'til the twilight
Reluctant from old friends to part,
Then each goes forth to life's battles,
With a happier, lighter heart.

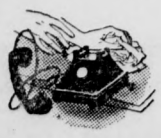
How to treat your telephone

The best way to spruce up your telephone is to polish it with a soft, dry cloth . . . never with water or any other liquid. You'll find that it'll always be ready to serve you better, too, if you keep these simple pointers in mind: Avoid "gadget" attachments . . . keep cords free of doorways where they may be pinched . . . and always keep water away from wires and fittings.



it's precision-built . . . and it can develop ailments if it's dropped. So make sure the stand your telephone sits on is solid . . . and located in a place where the instrument won't be accidentally knocked off onto the floor.

Variety Show Promises Good Entertainment

By Ken Wallace

"The Campbells Are Coming," a fast moving variety show of top talent, opens the Old Settlers' Day stage presentation Friday evening at 7:30. MC'd by drama director Ken Wallace, the show opens with Frank Triena's fine high school orchestra, then swings into the best display of high school show guys and dolls seen here in a long time.

The loud and jumpin' "Music-makers," Bill Pengree, Bill Kaufman and Dennis Dunne tear a few popular tunes to shreds, then calm down for a moment and play danceable music for terrific Diane Mayo, soft shoe dancer.

Selma Knowles, newcomer to the stage, will sing some of Tin Pan Alley's best.

Pat Taylor and Nancy Daniel, Campbell High's very best show dolls, do a fast routine that will certainly call for an encore.

A new boys' quartet will introduce some old favorite negro spirituals.

Kay Stoner, versatile dramatic reader, will do some of the readings famous in the good old days.

Marilyn Graham, experienced creative dancer, will strut her stuff to create an original mood.

Bob Adolfo will prove that his is easily the best solo voice from either near or far.

Joan Beilefeld will tackle the piano and keep pounding it until you swear it's actually talking.

A new girls' trio of Pat Taylor, Rosemarie Magnasco and Joyce Klassen will make their melodic debut.

Four new freshmen brave the stage to teach Spike Jones a few things.

Ruth Courtney turns a bit semi-classical with her voice and trills out some light opera.

Miki Montero and Arline Kline combine to give a nostalgic touch of the islands with the ever-popular hula.

Dave Emery and Leseth Hinz battle on the stage to their pantomime version of "How Could You Believe Me?"

Ripple Langdon, Campbell Hi's real live lady of song, joins Bob Adolfo for a duet of musicdom's most famous offerings.

The chorus girl angle will be capably and enjoyably handled by choristers Sandy Koch, Pat Taylor, Nancy Daniels.

An imitation, but a horible one, of dancing will be attempted by the school's toughest men: Dick Gleed, Bob Anderson, Jim Overacker and Don Lukehart.

Beverly Clawson, solo violinist of the orchestra, will appear in her last performance as a senior in a solo with the orchestra.

Bob Adolfo returns in the finals to vocally reminisce about such old girl friends as "Mary Lou," "Dinah," "Charmaine," "Loise," etc., while dancers Marlene Moore, Mary Lou Fairbanks, Roberta Ulrich, Marilyn Graham, Maude Crain, Diane Mayo and Carol Kundsen dance hauntingly by.

"The Campbells are Coming" will be followed by the Footlighters' presentation of "The Ghostly Passenger."

School Students Win Art Awards

Five Campbell High School students were listed among the winners of the Emporium-sponsored Northern California Scholastic Arts Awards event this week. Richard Carter, Robert Ciraulo, Maude Crain, Madeline Dubcich and Sally Spencer all received awards for their art pieces.

The entries selected for judging in the national contest, to be conduced at the Carnegie Institute in Pittsburgh, were chosen this week by a panel of 25 Bay area professional artists and art critics.

Three thousand entries were represented in this contest for high school students in which cash awards totaling $15,000 and 140 tuition scholarships to leading art schools were the grand prizes.

The winning art pieces, including paintings, pen and ink drawings, pencil sketches, sculpture, designs, posters, photographs, and crafts, are on exhibit on the fourth floor annex of The Emporium. This regional winning group will be judged in the national finals after an exhibition in the Fine Arts Galleries of Carnegie Institute at Pittsburgh, opening May 3rd.

Each boy and girl whose work was selected in the regional competition was given a 14-karat gold key by Doctor Herbert C. Clish, Superintendent of San Francisco schools, in a ceremony held last week in The Emporium auditorium.

Carl Nater, who directs the educational department of the Walt Disney studios in Hollywood, addressed the young artists on the subject of opportunities for a career in their hobby.

Special awards will be made to retiring mothers at the dinner and all cubs and their parents have been invited to attend, a spokesman announced. Dinner will start at 6:30 and those attending are requested to bring their own silverware and dishes.

Announcement was made that all scouts will march in the Old Settlers' Day parade tomorrow and they were asked to gather at Dillon Avenue at 12:30.

Those attending the meeting included Scout Commisioners Ken Robinson and Larry Hill. Robinson gave a brief talk on Cubbing.

PRESENT

"The Ghostly Passenger"

by MILLARD CROSBY

This is the Owens' first trip to a "quiet" Vermont mountain town. Next door to their rented house is the deserted Townsend Estate, scene of mysterious actions and destination of an automobile containing a ghostly passenger. Young Spike Owens sets out to solve the mystery, against his mother's wishes, and disappears. The climax is reached when the Owens' colored maid, Dixie, is confronted with a ghost and when Mrs. Owens walks into her living room and sees still another ghost crawling toward the door on his hands and knees.

Smith Releases Statement For City Clerk Office

(Editors Note: *In order to insure fair representation for all candidates running for office in coming incorporation election, the Press has placed a limit of one statement for each candidate. Each aspirant to office will be allowed the same privilege. All such statements should be brief and concise.*)

The following is a statement from Howard F. Smith, candidate for the office of City Clerk in the coming special incorporation election:

"Let's strike out long distance control and bring home to the people of Campbell our own city government."

Howard F. Smith, candidate for city clerk in the March 11 election, urges Campbell voters to adopt incorporation to gain benefits that should rightfully be theirs.

"Problems facing Campbell cannot be efficiently administered by the county government," said Smith. "The county is unable to give us proper law enforcement, traffic control, public health and sanitation," he said, "and these difficulties are increasing with the constantly growing population of the city."

Smith, 32-year-old veteran of the 89th Division in World War II, says that under county administration the protection and welfare of the Campbell population is still on the level of a rural hamlet.

In stating his qualifications, Smith pointed out that he is completing business administration courses at San Jose State College which will aid him in performing the duties of city clerk. According to Smith, the duties are prescribed by law, but he intends to go beyond the minimum requirements in order to further the aims and best interests of the community.

"As a property owner and taxpayer in Campbell, I will welcome the opportunity to work for and with the people in reaching their desired goals," Smith said. He encouraged all registered voters to do away with county administration of local affairs by voting for incorporation.

Gas and electricity are cheap in California!

For nearly half a century, Beale Memorial Tower has been a familiar landmark in downtown Bakersfield

Take BAKERSFIELD for example:
Typical residential gas and electric bill
In Bakersfield . . . $8.50
In all U.S. cities of similar size* . . $15.97
*Average for the 21 U.S. cities outside California between 33,000 and 35,000 population. Based on a typical use of 100 kilowatt hours and 100 therms of gas per month.

P.G. and E. home rates are far below U.S. average!

The cost of living has nearly doubled since 1940, but P.G. and E. domestic rates are actually lower than they were then! Nothing else you buy costs so little—does so much. Let P.G. and E.'s bargain gas and electricity do more of your work, bring you more of life's comforts.

Home Insulation For Every Need

Granular Fill Insulation
Zonolite is forever fireproof—termiteproof—verminproof—rotproof—moldproof—and will outlast your home. It is easily installed in attics and sidewalls—not only keeps homes as much as 15 degrees cooler in summer—but also reduces winter fuel bills up to 40%.

Plaster That Insulates
Zonolite plaster aggregate, used in place of sand, provides fireproof walls and ceilings that insulate against heat, cold and sound. Has four times the insulating efficiency of ordinary plaster—retards the spread of fire four times as long. Saves tons of needless weight. Resists cracking from settling. You can even drive picture nails into it without chipping walls.

Concrete That Insulates
Makes warm, dry ground floors in basementless homes. Can be covered with conventional floorings. Ideal for radiant heating. Particularly desirable for basement recreation rooms. Ask for details.

JAYCEES UNVEIL 'MYSTERY' VARIETY SHOW HERE; TO USE ALL LOCAL TALENT

Members of the Campbell Junior Chamber of Commerce lifted the wraps on their mystery "Shooting Stars" variety show with the announcement today that casting of local talent for the March 3 and 4 show is now underway. Proceeds from the show, which is based on impersonations of television and radio personalities and their programs, will go into the JayCee fund for Youth Guidance and Community Welfare.

Only local talent will be used in producing the show, which includes impersonations of the Kate Smith program, Milton Berle show, Fred Waring, Jack Bailey's "Queen For A Day" program, Fran Allison's "Tell A Story Time," and Roy Acoff's "Happy Hayride Time." Acts will be interspersed with pantomimes of singing commercials and will be announced by two local girls with a singing and dancing program at the first of each skit.

Included in the variety show will be a "Queen for a Day" contest with the winner chosen from the audience. One queen will be chosen for each performance, and will receive gifts from local merchants. Another feature of the program will be a "Tiny-Tot Popularity Contest" with the king and queen, prince and princess, and duke and duchess being chosen by residents of the area. Curtain time for both presentations will be 8:07 p.m.

The production is under the direction of Miss Helen Barnett, who has made a specialty of producing similar type benefit shows. She is a graduate of the school of dramatics of Ohio State University and has had a varied experience in directing radio and Little Theatre productions. She stated that she was delighted with the community, well pleased with the cooperation extended her by the JayCees, and was looking forward to a successful show.

Mr. C. E. FAGALDE of Dry Creek Road reports that she is now able to receive visitors at her home after 3 p.m. and between the hours of 7 and 8 p.m. Mrs. Fagalde is recovering from a recent operation.

Local Calls In Pay Stations To Rise To 10 Cents

Telephone charges on local calls from approximately 40 Campbell area pay stations will be increased from five to ten cents on March 21, a spokesman for the Pacific Telephone and Telegraph Company announced this week. The rate increase will allow the elimination of a temporary three percent surcharge which has been placed on business and residential phones, he said. The pay station raise will not, however, affect long distance pay station calls and will not bring any raise in either business or residential phones.

Mechanical apparatus for the change in pay stations has already been installed and the change from five to ten cents will be made all in one day, the spokesman said.

Cambrian Tea, Fashion Show Set For April 4

Plans went ahead this week for the annual Cambrian Fashion Tea to be held April 4 in the Cambrian School Auditorium.

This year's event promises to be better than ever, according to Mrs. Donald Witzel, chairman. The Hawaiian motif will be featured with Mrs. Renee Montrezza and Mrs. William Dose, in charge of settings.

The models for the show will be chosen by Mesdames Kenneth Allen and Wallace Wardell, from among the pupils and mothers of Cambrian school, with clothes being supplied by Grace's, The Creative Shop, Rachel's and Helen's Juvenile Shop.

Those working on the various committees are: Mesdames Joe Stillman and Wm. Knight, programs; Ford Whitney and M. Rigsbee, refreshments; H. Schatmeier and C. Whittaker, clean-up; Lester Rapheld and A. Shoemaker, tickets; Marvin Hudson, Donald Hancock and Melvin Young, table decorations; D. Bloomfield and Geo. Gillis, entertainment; George Hatlen and Donald Lantz, publicity.

Mrs. Vernon Smith, in charge of entertainment, has lined up a varied program and the musical background will be supplied by piano selections by Mrs. R. Irons. Co-chairman of the event is Mrs. George Stroope.

Teachers' Ass'n Hears UMT Debate

Universal Military Training was the subject of debate at the regular meeting of Campbell Teacher's Association Wednesday night. The speakers were Captain Hugh Atkinson of the California National Guard and Reverend Harold K. Shelley.

The open meeting was held in the Grammar school auditorium. Calvin Roll, Campbell Teachers Association president, said officials of the High School and Grammar School Parent-Teacher Asociations and school board members had been given special invitations to attend. The subject, he said, was chosen because of its implications on education, and its effect on the vocational studies of young people.
